2012 - 2016

About me:

- Want to start my career as a Web/Front-end developer and grow to Senior in 3 years.
- Graduated with honors from web-development courses on HTML, CSS, JS, and continue to learn on my own.
- Enjoy analyzing and solving complex problems.
- Work well in a team.
- Creative by nature. Write music and take photos on film in my spare time.
